

FIGHT THE BITE!

USE IN STANDING WATER

- **BIRD BATHS**
- **GUTTERS**
- **LOW AREAS IN YARD**
- **PONDS**
- **RAIN BARRELS**
- **TREE STUMPS**

Mosquitos are persistent and carry nasty diseases, so it is important to reduce your risk of exposure. Jefferson County Commission is providing FREE mosquito prevention kits to help you manage these pesky pests in an environmentally friendly way. The kits include mosquito dunks that will kill the larvae but is safe for wildlife including fish, pets and birds. **One dunk treats 100 square feet surface area. It can be divided. Reapply monthly.**
